

## Technical Excellence Award – Nomination Form

The Royal Institute of Navigation Significant Achievement Award honours a significant specific achievement by a team or individual in the field of navigation systems development, research or education. Teams may be from one or multiple organisations and from one or multiple countries. Achievements should have occurred within five years of the nomination date.

The winner will be publicly announced at the NAVIO conference in London 30 November - 2 December. Winners will be notified beforehand. At its discretion, the award committee may consider selected unsuccessful nominations for the following year's award.
